

# NOTICE OF PUBLIC INFORMATION CENTRE #2

## HIGHWAY 401 IMPROVEMENTS FROM 1 KM EAST OF HIGHWAY 16 TO 3.3 KM WEST OF MAITLAND ROAD

### PRELIMINARY DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT STUDY (GWP 4024-20-00)

#### THE PROJECT

The Ontario Ministry of Transportation (MTO) has retained AECOM to undertake a Planning, Preliminary Design, and Class Environmental Assessment (Class EA) Study for Highway 401 from 1 km east of Highway 16 to 3.3 km west of Maitland Road for a total length of approximately 20.75 km, located within the Township of Augusta, Town of Prescott, and the Township of Edwardsburgh Cardinal. The study will look to address current and future transportation needs by developing a plan for the rehabilitation and/or replacement of 10 bridges & 4 structural culverts, determining the long-term plans for the Maitland Road, Edward Street and Highway 16 interchanges, and will establish the future footprint for interim six lanes and ultimate eight lanes of Highway 401.

#### THE PROCESS

This study is following the approved planning process for a Group 'B' project under the MTO *Class Environmental Assessment for Provincial Transportation Facilities (2000)*. A Transportation Environmental Study Report (TESR) will be prepared to document the study process including the evaluation of alternatives, the technically preferred plan, environmental effects, and proposed mitigation measures as well as the consultation undertaken throughout the process. Upon completion of this study, the TESR will be made available for a 30-day public comment period. The release of the TESR for review will be the subject of a future notice.

#### PUBLIC INFORMATION CENTRE #2

PIC #2 has now been scheduled and will be presented in an online format for public review and comment on the project website at [www.highway401prescottmaitland.ca](http://www.highway401prescottmaitland.ca) beginning August 3rd, 2023, with a recorded presentation available until September 18, 2023. PIC #2 will present the Short-List of Alternatives and the associated evaluation that has led to selection of the technically preferred plan, as well as next steps in the Class EA process. Public Information Centre (PIC) #1 was previously presented in an online format on the project website between December 8th, 2021, and January 21st, 2022.

#### COMMENTS

You are encouraged to participate in the study and to provide comments in writing to the study team. To obtain additional information, provide comments, or to be placed on the mailing list for this project, please visit the project website at <https://www.highway401prescottmaitland.ca/contact-us/> or contact one of the Project Team members as follows:
